

We are proud of our Furniture because it is made right, has the lasting qualities and then, too, our designs are the very newest.

WE POINT WITH PRIDE to Our FURNITURE

NEVER in the history of the furniture business was furniture—GOOD FURNITURE—built on such plain, simple, chaste and beautiful lines as now. The best manufacturers vie with one another in producing lines of goods built with a view of beauty with sturdiness of construction. With our 29 years of furniture experience we know just what manufacturer makes the best in his particular line, and we have gathered together on our immense floor space, covering 22,500 square feet, an assortment of good furniture worthy of your consideration. **We want the people of Paw Paw and vicinity to get acquainted with our good furniture.**

When we say GOOD FURNITURE and QUALITY FURNITURE do not get the impression that such goods are high priced. By comparing our furniture with ordinary furniture you will find our prices very low.

CARD FROM W. A. PRATER

A post card from W. A. Prater assures us of his health, happiness and activity. He states that he has captured a few birds, but there are plenty and he wishes some of the Paw Paw hunters could be there. The card was backed by a picture of a splendid, spacious high school building in Iron Mountain which has been built recently.

Mr. Prater is becoming to feel at home in the north and is much interested in his work. His success there has created the feeling and his Paw Paw friends share in the pleasure of it.

Pictorial Review is one of America's leading magazines for women. It contains unusually vivid fiction beautifully illustrated. It shows the very latest fashions two months in advance of its competitors. It is a helpful, practical aid to women through its special feature articles and money saving departments.

DEER HUNTERS LEAVE EARLY.

About 85 deer licenses have been issued by the county clerk to date. The hunters have gone 15 days earlier this year than formerly, as the law for hunting deer permits them to begin October 15 instead of November 1, as in former years.

WILL ASK FOR AN APPROPRIATION

State Association for the Relief and Prevention of Tuberculosis Will Ask for Hospital.

A most successful meeting of the state association for the prevention and relief of tuberculosis was held in Ann Arbor on Friday, November 1st. About sixty delegates, representing fifteen cities in the state were in attendance and helped to make a most enthusiastic and helpful meeting.

The reports of delegates showed that much profitable work has been conducted in this state, including visiting nursing, medical inspection, open air schools, observance of Tuberculosis Day, distribution of literature, lectures and various other lines of work.

Plans were made to work for an appropriation for a hospital for cases of tuberculosis in this state which cannot be admitted to Howell. Hundreds of cases would be eligible for such a hospital and the demand for this institution is constantly growing. It was also the sense of the association that the State Board of Health be encouraged to ask for an appropriation for tuberculosis work, and that the county be compelled to care for cases needing treatment.

The committee on exhibit announced that exhibits would be sent to any city desiring them. The exhibits prepared are very valuable in teaching the public about tuberculosis.

An optimistic spirit prevailed the congress which was voted the most successful and helpful conducted thus far in Michigan.

"There could be no better medicine than Chamberlain's Cough Remedy. My children were all sick with whooping cough. One of them was in bed, had a high fever and was coughing up blood. Our doctor gave them Chamberlain's Cough Remedy and the first dose eased them and three bottles cured them," says Mrs. R. A. Donaldson, Lexington, Miss. For sale by Longwell Bros. adv.

JANSSEN WINS Winseasilyatthat

A Great Landslide to the Janssen.

Critical Musicians Enthusiastic Regarding this Remarkable Product.

How the Janssen piano has gone forward by leaps and bounds! The Janssen is the piano of discriminating purchasers and no mistake.

Are you fully appreciative of its superb qualities? Do you realize what an unusual product it is? If not—investigate. It is truly worth while. Its position among fine pianos is unique.

But there are splendid reasons why it has so steadily advanced in the estimation of critics. It has remarkable attractiveness—exquisite tone quality, highly responsive action quality and its durability is exceptional.

Yet it is moderate in price and may be purchased upon convenient terms of payment

L. B. GORTON

A WINTER COAT

not only keeps cold out, but conserves body-heat; body-fat serves the same purpose. It enables us to resist unsettled elements and serves as the great source of our body-heat. Greater body-heat means richer blood, more fat, not obesity but fat which the body consumes for warmth, vitality, resistance-power—as a furnace consumes coal for heat—**Scott's Emulsion** does this.

A teaspoonful after each meal makes body-heat—healthy, active blood—sharpens the appetite and makes all good food do good.

It drives out and keeps out colds by raising endurance-power and creating strength.

A best substitute for SCOTT'S.
